Next Club meeting August 5th @ the Clubhouse 7:30 pm

## **Presidents Corner:** Doug Robertson, President.

Hi Everyone,

We had a good turn out at the club meeting this month. Our usual cast of regulars plus some of our sand runners were in attendance. Great to see you all.

A month has passed since our rally but now is the time to start the process for next year. We need to take the things that work well and fine tune them and the things that didn't work well need the most attention. It is generally agreed that our downfall was in our advertising so put your thoughts down and bring them to the table so we can come up with a game plan for next year that will hopefully bring more participants to the park.

As we found out the weather will do what it wants but it didn't seem to dampen our spirits too much. If anything it helped with the dust and traction.

There are lots of things on the calendar coming up so go out and enjoy yourselves, be safe and have fun!!

Happy Trails,  
Doug

## **Meeting Notes:**

Guests: Ralph Warbington and Seth Fain

Old news – It was addressed that from here forward every board meeting should address the rally.

Our website: Jessica Simon has redone our site. For those of you who haven't checked it out take the time to do so now. Jessica is asking for any photos you might want on the site please email them to her. As of today it is up dated with all the information she has gotten. Those who have visited the site already has said how easy it is now to navigate so that's a big plus for those who are technology challenged.

We discussed the on line reservations system that was put in effect on May 1. The system was up and running for approximately 13 days before the county stopped it until there were more improvements made. So as of today there is no online reservations for Frank Raines.

Rally Report: As you will see our Rally Master has been very busy.

We are sorry that the June Tracy Wildlife event was cancelled due to lack of participation.

Roy is working every weekend to get the new bathroom outside completed before the 4th of July. I also understand that since this is graduation for some of the club members families this weekend just didn't work out. I would like to thank the Gnutzman's for their help in reserving the group area for us and hopefully it will work out next year.

New business: The question was asked if we have made our contribution to CORVA 10% or all membership dues should be sent to CORVA.

CORVA REPORT – Rick and Diana Mead took a trip down to Bakersfield to attend the CORVA annual elections, they reported not many changes were made. Our clubs members for CORVA have doubled in the past year so this is exciting. There was a note made that if you pay your dues on pay pal the funds go into the same account as the lifetime members account and this account is never touched, only the interest is drawn out of it.
