President's Corner

Hello Everyone!
Can you believe a new year is among us? First of all I want to thank you for your confidence in me as your president. But as you all know its not the board who makes the club successful, it is each and every person. We all have many things to contribute. Knowledge, muscle, or time are just a few. Please get involved. This is your club. Don is ready to rock and roll on

his new job as Rally Master. He has a lot of great things coming up. If you're not there you'll never know. Dates will be posted in the red book and are on the web. I look forward to a wonderful year and hope to see those faces that have been absent in the club. Please feel free to email, text or call me if you have any questions or concerns. Yours Truly,
Anna Callanta

Rally Master Report

Thanksgiving at Stoneyford: The estimated attendance was approximately 20 members and approximately 60 guests. Everyone seemed to have a good time. Anna cooked an amazing turkey and ham. All members and many guest families contributed to the meal. There was plenty for everyone and it was all delicious. Everyone had a good time on the trails and there were no injuries. The only major problem was Clyde's (Carla/Seth's dog) late night disappearance once the fireworks started. Happily he returned about 3am and Carla was able to get a few hours of sleep.

Christmas Party: The estimated attendance was approximately 30 members. The food had mixed reviews but they were overall positive and the servers were wonderful. The possibility for a buffet style was discussed for next year. More people danced than in past years and seemed to have a great time. More modern music was requested for next years party. The raffle in lieu of the gift exchange went smoothly and there was the normal exchanging of prizes at the end of the raffle.

New Years at Frank Raines: Attended: Smiths, Warbingtons, Gnutzmans, Tsukermans & guests.

Weather was beautiful. Trails were dusty. Firework shows were plentiful. Just about everyone crashed or got stuck. Thanks to guest Jim Allnutt, Mike Tsukerman got his bike out of "his valley". A fellow wheeler rolled and destroyed his Rhino and our camping neighbors across the street rolled, broke and left 2 off road vehicles somewhere on the trails to be recovered at a later date. Thankfully nobody was seriously injured in those crashes.

CORVA - Tribute to Daphne Green

It is inconceivable to think of a better ally and a better friend to all who enjoy off-road access than Daphne Greene. Governor Brown has chosen to terminate her contract with the State of California as Deputy Director of the OHV Division of State Parks at the end of 2011, to our great sadness and consternation. Ms. Greene's contributions to the continuation of off-road access to California are too numerous to mention, and it would be hard to find a more determined person, or someone who has worked harder to defend off-highway vehicle access. I am proud to have worked with her on many projects, and I personally will miss her

common sense approach and passion. Governor Brown has taken great liberties by removing a tremendous advocate for the off-road community, and the community has to respond in kind. We are hard-working, tax-paying residents of the State of California, and our wishes, wants and needs count, but only if we express them clearly to our elected representatives. Write letters, emails and faxes to all your state representatives, including the Governor, and make sure your voices are heard.
